

After a long few months the building work is finally complete.

We love the new look of our waiting area and admin space.

Check out these before and afters.

Parking Update

We are having two new parking spaces added to the front of the practice – These will be for staff cars so there is more space for our patients on our carpark. Now the work vans aren't present, parking should be a lot easier!

If the carpark is ever full we do have access to Dawley Social Club Carpark.
